Hong Kong Adventist College Dormitory

Located on a hill overlooking mountains and seas, the College prides its scenic and fresh environment, a perfect and conducive learning and living atmosphere. Equipped with a dormitory to accommodate 240 students, the College provides a holistic education with emphasis on physical, intellectual, social and spiritual developments. Added to that, the multicultural environment exposes students to people from different countries where they learn to respect each other but also appreciation for the differences.

Dormitory life enhances independence and responsibilities. Students will also participate in various extra-curricular activities to ensure a balanced learning experience while at HKAC.

Meal Service

The College cafeteria provides vegetarian meals administered by professional dietitian to ensure that students acquire balanced diet for their activities.

General Services

The College also provide laundry services where students can have their clothes and bedding wash regularly. The facilities are also equipped with air-conditioners, and wireless internet access. Library and fitness center are available for student to use during the day and students do their nightly study in the self-study room.

Medical Service

The College employs a professional nurse to cater to student emergency medical needs.

Counseling Support

The College is also equipped with a Counseling Center to provide support for students with some emotional needs. A trained Counselor is available to provide counseling if needed.
